

I believe that the service provided by K-Love radio station is in the interest of the public because it provides a much needed alternative to other stations out there. I listen to K-Love all the time as a resident in my local community. I also value that wherever I go I can find a station broadcasting K-Love. Since K-Love is completely funded by their listeners, I don't think a LPFM station should have priority over the FM translator signal. Please help to keep my favorite radio station on the air.
